Retired Membership—Such membership may be conferred upon individuals who have reached the age of 67 and will enter full retirement on or after January of the calendar dues year, who no longer practice as a security professional but who, at the time they seek retired member status, have been a member for the immediate past ten (10) consecutive years. Verification for retired class will be conducted by the Membership Department at ASIS International headquarters.

I certify that all information on this form is true and complete to the best of my knowledge and belief. I understand that verification of retirement status is required each subsequent year by submission of a Retired Membership qualification form.
